**Neurotherapy Centers for Health Atlanta** (Marty and Susan Wuttke; [www.neurotherapy.us](http://www.neurotherapy.us)) and the **Neurotherapie Centrum Hilversum** (Netherlands; [www.neurotherapie.nl](http://www.neurotherapie.nl)) are organizing an integrated 2-week Retreat Seminar on Neurotherapy in the South of France. The main theme is the Basic Practical Course Neurotherapy in the first week of the Retreat. In the second week different related courses are offered to integrate supporting therapies and to generate an overview of the whole work field.

The unique setting of this Retreat Seminar gives you the opportunity to bring theory into practice directly and also receive neurotherapy sessions yourself. The number of participants is limited to a comfortable maximum of 12 to allow for optimum learning experiences. Besides this, the program offers relaxing elements with the availability of traditional thermal baths and participation in Chi Kung exercises and meditation. The course language is English.
